[Visit this company's website](#)

Facility : Carlsbad, NM

Sodium Chloride[1] [2]

Trade Designation

Culligan Water Softener Salt Solar Extra Coarse

Product Function

Other

Max Use

N/A

[1] Certified for use in the electrochlorination process for on-site disinfectant generators

as well as softener resin regeneration.

[2] For electrolytic sodium hypochlorite generator use of this product, the maximum

disinfectant feed concentration shall not exceed 10 mg Cl₂/L.

This requirement limits

bromate production in the effluent sodium hypochlorite and is

based on the bromide

concentration in the salt.

Facility : Baytown, TX

Sodium Chloride[1] [2]
